Our Quality Shine

The revolutionary **Instead-A-Miter Corner and Tee System** was developed by **Sherer Studio** to save you valuable time when framing a mirror with beveled mirror strips.

Sherer Studio Tee

Our integrity is reflected in our workmanship as each and every Instead-A-Miter corner, tee and strip is fabricated to a 1/32" tolerance in 1/4" material.

Discover how easy it is. Exceptional workmanship can both save you time and increase your profit margin. Field installations are simplified because cuts are square on the strips and tolerances between components are very tight.

By offering the **Sherer Studio's** wide range of corner designs, styles, colors and sizes,

your company edges out all other competition.

The stand-alone-no-strip corners

Sherer stands by its products with a 100% Satisfaction Guarantee

Our beveled mirror strips are manufactured with the same attention to detail and performance as our corners (to a 1/32" tolerance). We stock 2", 3", and 4" in 100", 120" and 144" lengths and will

gladly manufacture any other size strip up to 144" in length. We can deliver to your door if you are in our delivery area or call us at (800) 533-4292 to make other arrangements.
